# Molina Dual Options Medicare-Medicaid Plan | 2023 *List of Covered Drugs* (Formulary)

## Introduction

This document is called the *List of Covered Drugs* (also known as the Drug List). It tells you which prescription drugs are covered by Molina Dual Options. The Drug List also tells you if there are any special rules or restrictions on any drugs covered by Molina Dual Options. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

## A. Disclaimers

This is a list of drugs that members can get in Molina Dual Options.

- ❖ Molina Dual Options Medicare-Medicaid Plan is a health plan that contracts with both Medicare and South Carolina Healthy Connections Medicaid to provide benefits of both programs to enrollees.
- ❖ You can get this document for free in other formats, such as large print, braille, or audio. Call (855) 735-5831, TTY: 711, 7 days a week, 8 a.m. to 8 p.m., local time. The call is free.
- ❖ To make a standing request to get materials in a language other than English or in an alternate format now and in the future, please contact Member Services at (855) 735-5831, TTY: 711, 7 days a week, 8 a.m. to 8 p.m., local time.
- ❖ Molina Healthcare complies with applicable Federal civil rights laws and does not discriminate on the basis of race, ethnicity, national origin, religion, gender, sex, age, mental or physical disability, health status, receipt of healthcare, claims experience, medical history, genetic information, evidence of insurability, geographic location.

## B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more or look for a question and answer.

---

### B1. What prescription drugs are on the *List of Covered Drugs* (or “Drug List” for short.)?

The drugs on the *List of Covered Drugs* that starts on page 12 are the drugs covered by Molina Dual Options. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Molina Dual Options will cover all medically necessary drugs on the Drug List if:
  - your doctor or other prescriber says you need them to get better or stay healthy, **and**
  - you fill the prescription at a Molina Dual Options network pharmacy.
- Molina Dual Options may have additional steps to access certain drugs (refer to question B4 below).

---

Updated on 12/01/2023

**If you have questions**, please call Molina Dual Options at (855) 735-5831, TTY: 711, 7 days a week, 8 a.m. to 8 p.m., local time. The call is free. **For more information**, visit [MolinaHealthcare.com/Duals](https://www.molinahealthcare.com/Duals).

You can also find an up-to-date list of drugs that we cover on our website listed at the bottom of the page or by calling Member Services at the bottom of the page.

---

## **B2. Does the Drug List ever change?**

Yes, and Molina Dual Options must follow Medicare and Healthy Connections Medicaid rules when making changes. We may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval (PA) for a drug. (PA is permission from Molina Dual Options before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check Molina Dual Options up to date Drug List on our website listed at the bottom of the page.
- You can also call Member Services to check the current Drug List at the number at the bottom of the page.

---

## **B3. What happens when there is a change to the Drug List?**

- Some changes to the Drug List will happen **immediately**. For example:
- **A new generic drug becomes available.** Sometimes, a new generic drug comes on the market that works as well as a brand name drug on the Drug List now. When that happens, we may remove the brand name drug and add the new generic drug, but your cost for the new drug will stay the same. When we add the new generic drug, we may also decide to keep the brand name drug on the list but change its coverage rules or limits.

---

Updated on 12/01/2023

**If you have questions**, please call Molina Dual Options at (855) 735-5831, TTY: 711, 7 days a week, 8 a.m. to 8 p.m., local time. The call is free. **For more information**, visit [MolinaHealthcare.com/Duals](https://MolinaHealthcare.com/Duals).

- We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
- You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market we will take it off the Drug List. If you are taking the drug, we will let you know. Talk with your doctor or other prescriber to find an alternative that is safe for you.
- **We may make other changes that affect the drugs you take.** We will tell you in advance about these other changes to the Drug List. These changes might happen if:
  - The FDA provides new guidance or there are new clinical guidelines about a drug.
  - We add a generic drug that is not new to the market **and**
    - Replace a brand name drug currently on the Drug List **or**
    - Change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- Tell you at least 30 days before we make the change to the Drug List **or**
- Let you know and give you a 31-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there is a similar drug on the Drug List you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, refer to question B10.

---

#### **B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?**

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization (PA) or approval:** For some drugs, you or your doctor or other prescriber must get PA from Molina Dual Options before you fill your prescription. Molina Dual Options may not cover the drug if you do not get approval.

---

Updated on 12/01/2023

**If you have questions**, please call Molina Dual Options at (855) 735-5831, TTY: 711, 7 days a week, 8 a.m. to 8 p.m., local time. The call is free. **For more information**, visit [MolinaHealthcare.com/Duals](https://MolinaHealthcare.com/Duals).

- **Quantity limits:** Sometimes Molina Dual Options limits the amount of a drug you can get.
- **Step therapy:** Sometimes Molina Dual Options requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages 12 - 109. You can also get more information by visiting our website listed at the bottom of the page. We have posted online documents that explain our PA and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please refer to questions B10-B12 for more information about exceptions.

---

### **B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?**

The table of drugs on page 12 has a column labeled "Necessary actions, restrictions, or limits on use."

---

### **B6. What happens if Molina Dual Options changes their rules about some drugs (for example, prior authorization (PA) or approval, quantity limits, and/or step therapy restrictions)?**

In some cases, we will tell you in advance if we add or change PA, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change

---

### **B7. How can I find a drug on the Drug List?**

There are two ways to find a drug:

- You can search alphabetically by the drug's name, **or**
- You can search by medical condition.

To search **alphabetically**, refer to the Index of Covered Drugs section. You can find it on page number 110.

To search **by medical condition**, find the section labeled "Drugs Grouped by Medical Condition" on page 12. The drugs in this section are grouped into categories depending on the type of

**If you have questions**, please call Molina Dual Options at (855) 735-5831, TTY: 711, 7 days a week, 8 a.m. to 8 p.m., local time. The call is free. **For more information**, visit [MolinaHealthcare.com/Duals](https://MolinaHealthcare.com/Duals).

medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Beta-blockers. That is where you will find drugs that treat heart conditions.

---

### **B8. What if the drug I want to take is not on the Drug List?**

If you don't find your drug on the Drug List, call Member Services at the number at the bottom of the page and ask about it. If you learn that Molina Dual Options will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the Drug List that is like the one you want to take. **Or**
  - You can ask the health plan to make an exception to cover your drug. Please refer to questions B10-B12 for more information about exceptions.
- 

### **B9. What if I am a new Molina Dual Options member and can't find my drug on the Drug List or have a problem getting my drug?**

We can help. We will cover a temporary 31-day supply of your Part D drug and a 90-day supply of your Healthy Connections Medicaid drug during the first 180 days you are a member of Molina Dual Options. This will give you time to talk to your doctor or other prescriber. They will determine if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 31 days of medication.

We will cover a 31-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires PA by Molina Dual Options, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility, and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31 supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Molina Dual Options member.
- This is in addition to the temporary supply during the first 90 days you are a member of Molina Dual Options.

### **Transition Policy**

---

Updated on 12/01/2023

**If you have questions**, please call Molina Dual Options at (855) 735-5831, TTY: 711, 7 days a week, 8 a.m. to 8 p.m., local time. The call is free. **For more information**, visit [MolinaHealthcare.com/Duals](https://MolinaHealthcare.com/Duals).

Members may be affected by changes in our formulary from one year to the next. You should talk to your doctor to decide if you should switch to a different drug that we cover or request a formulary exception in order to get coverage for the drug. See Chapter 9 of the Member Handbook to learn more about how to request an exception. Please contact Member Services if you need help switching to a different drug that we cover or if you need help requesting a formulary exception.

- **If you are a current member affected by a formulary change from one year to the next**, we will provide a 31-day temporary supply of the non-formulary drug if you need a refill for the drug during the first 180 days of the new plan year for Part D drugs and Healthy Connections Medicaid drugs.

When a member goes to a network pharmacy and we provide a temporary supply of a drug that isn't on our formulary, or that has coverage restrictions or limits (but is otherwise considered a "Part D drug"), we will cover a 31-day supply (unless the prescription is written for fewer days). After we cover the temporary 31-day supply, we generally will not pay for these drugs as part of our transition policy again.

- **If you are a current member and are not affected by a formulary change**
  - And if you don't live in a long-term care facility, we will provide a 31-day supply of Part D and Healthy Connections Medicaid drugs that are non-formulary or have limitations during the first 90-days of the calendar year.
  - And you enter a long-term-care facility (like a nursing home) in the first 180 days from joining the plan, an additional temporary supply of up to 31 days will be covered during the first 90 days of your admittance into the long-term care facility if your drug is not on the formulary or has other limitations.

### Temporary Supply

We will provide you with a written notice after we cover your temporary supply. This notice will explain the steps you can take to request an exception and how to work with your doctor to decide if you should switch to an appropriate drug that we cover.

If the resident has been enrolled in our Plan for more than 180 days and needs a drug that isn't on our formulary or is subject to other restrictions, such as step therapy or dosage limits, we will cover a temporary 31-day emergency supply of that drug (unless the prescription is for fewer days) while pursuing a formulary exception. Exceptions are available in situations where you experience a change in the level of care you are receiving that also requires you to transition from one facility or treatment center to another. In such circumstances, you would be eligible for a temporary, one-time fill exception for a 31-day supply even if you are outside of the first 180 days as a member of the plan.

---

## B10. Can I ask for an exception to cover my drug?

---

Updated on 12/01/2023

**If you have questions**, please call Molina Dual Options at (855) 735-5831, TTY: 711, 7 days a week, 8 a.m. to 8 p.m., local time. The call is free. **For more information**, visit [MolinaHealthcare.com/Duals](https://MolinaHealthcare.com/Duals).

Yes. You can ask Molina Dual Options to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, Molina Dual Options may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or PA requirements.

---

### **B11. How can I ask for an exception?**

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9, of the *Member Handbook* to learn more about exceptions.

---

### **B12. How long does it take to get an exception?**

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. Your prescriber can call Molina Dual Options or fax the supporting statement to (866) 290-1309.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

---

### **B13. What are generic drugs?**

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

Molina Dual Options covers both brand name drugs and generic drugs.

---

### **B14. What are OTC drugs?**

OTC stands for "over-the-counter". Molina Dual Options covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Molina Dual Options Drug List to find out what OTC drugs are covered.

---

### **B15. What is my copay?**

As a Molina Dual Options member, you have no copays for prescription and OTC drugs as long as you follow Molina Dual Options rules.

---

### **B16. What are drug tiers?**

Updated on 12/01/2023

**If you have questions**, please call Molina Dual Options at (855) 735-5831, TTY: 711, 7 days a week, 8 a.m. to 8 p.m., local time. The call is free. **For more information**, visit [MolinaHealthcare.com/Duals](https://MolinaHealthcare.com/Duals).

Tiers are groups of drugs on our Drug List.

- Tier 1 drugs are generic drugs. For Tier 1 drugs, you pay \$0 copay.
- Tier 2 drugs are brand name drugs. For Tier 2 drugs, you pay \$0 copay.
- Tier 3 drugs are Non-Medicare Rx/Over The Counter (OTC) drugs. For Tier 3 drugs, you pay \$0 copay.

---

## C. Overview of the *List of Covered Drugs*

The following list of covered drugs gives you information about the drugs covered by Molina Dual Options. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page 110. The index alphabetically lists all drugs covered by Molina Dual Options.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., CIPRO), and generic drugs are listed in lower-case italics (e.g., *ciprofloxacin*).

The information in the necessary actions, restrictions, or limits on use column tells you if Molina Dual Options has any rules for covering your drug.

**Note:** The \* next to a drug means the drug is not a “Part D drug.” The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage).

- In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs. For more information on Extra Help, please refer to the call-out box below.

**Extra Help** is a Medicare program that helps people with limited incomes and resources reduce Medicare Part D prescription drug costs, such as premiums, deductibles, and copays. Extra Help is also called the “Low-Income Subsidy,” or “LIS.”

- These drugs also have different rules for appeals. An appeal is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Healthy Connections Medicaid.
- If you or your doctor disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call Member Services at the number at the bottom of the page. You can also read Chapter 9, of the *Member Handbook* to learn how to appeal a decision.

---

### C1. Drugs Grouped by Medical Condition

Updated on 12/01/2023

**If you have questions**, please call Molina Dual Options at (855) 735-5831, TTY: 711, 7 days a week, 8 a.m. to 8 p.m., local time. The call is free. **For more information**, visit [MolinaHealthcare.com/Duals](https://MolinaHealthcare.com/Duals).

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Beta-blockers. That is where you will find drugs that treat heart conditions.

Here are the meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

PA = Prior Authorization (approval): you must have approval before you can get this drug.

QL = Quantity Limits: the amount of the drug that the plan will cover.

ST = Step Therapy Criteria: you must try another drug before you can get this one.

NM = Non-Mail Order: this drug cannot be filled through mail order.

B/D = This drug may be covered under Medicare Part B or D depending upon the circumstances.

LA = Limited Access Drug: this drug may be available only at certain pharmacies.

(\*) = Non-Part D Drugs, or OTC items that are covered by Medicaid.

NDS = Non-Extended Days Supply: you will be limited to how many days supply you can receive.

---
